## CLUBS TO COURSE

Don't own Clubs? Never played before? Just learning the game? No Problem!

Get on the "Fast Track" to playing. Be on the course in days rather than weeks or months. Bring your friends, or join with others, and we will get you on the golf course faster than anybody else.....Guaranteed!

This program runs for three Saturdays from 10:00am—12:00 noon. We will explore the basic fundamentals of putting, short game and the full swing. Our goal is to get you ready for an enjoyable round of golf. To top it all off, Santa Teresa Golf Club will be supplying equipment for the entire 2 weeks. By having golf equipment in your possession between classes, you can accelerate the learning process and expedite your trip to the 1st tee.
